Professional Summary

Highly motivated Junior Full-Stack Web Developer specializing in **MERN** stack and frontend engineering. Capable of architecting and deploying scalable, visually engaging, and highly functional web applications. Proven ability to translate complex requirements into full-scale web solutions, optimize UI/UX, and integrate modern authentication and database systems through rigorous project-based development and self-directed learning.

Technical Skills

- **Frontend Development:** React.js, TypeScript, Next.js, HTML5, CSS3, Tailwind CSS.
- **Backend & Databases:** Node.js, Express.js, MongoDB, RESTful APIs.
- **Tools & Platforms:** Git, GitHub, Firebase, VS Code, Vercel.
- **Core Competencies:** UI/UX Implementation, Real-time Web Applications, Problem Solving, Technical Documentation.

Professional Experience

- **Junior Web Developer (Full-Stack)**

Abdullah Properties | On-site, Bangladesh | 2026 - Present

Engineered a secure, full-stack real estate platform (MERN) to manage property listings, resulting in a 25% increase in operational efficiency, while implementing a cohesive brand identity.

Independent Developer

Remote, Bangladesh | January 2026 - Present

- Developed an autonomous Coding Agent using Botpress, implementing complex planning and execution logic for developer assistance.
- Actively researching and integrating AI tools to enhance development workflows and optimize code efficiency.

Selected Projects

- **CineVerse:** Developed a responsive movie streaming platform with an immersive dark UI, utilizing React and robust API integration for real-time media data fetching.
- **Auction Gallery:** Engineered an online auction platform featuring a stylish, user-friendly interface to manage bidding systems and user interactions securely.
- **3D Portfolio Website:** Designed and developed a highly interactive, 3D animated personal portfolio utilizing advanced frontend technologies (GSAP, Three.js) to showcase modern UI/UX capabilities.
- **TCT Theme for VS Code:** Designed and published a custom Visual Studio Code theme focusing on developer ergonomics, syntax highlighting clarity, and reduced visual fatigue.
- **Weather Website:** Built an AI-powered, futuristic weather dashboard focused on real-time data visualization and modern aesthetic principles.

Education

- **Bachelor of Science (B.S.) in Computer Science** - University of the People (Online) | 2025 - Present (In Progress)
- **Bachelor of Arts (B.A.) in Political Science** - National University, Bangladesh | 2025 - Present (In Progress)
- **Higher Secondary Certificate (HSC) - Arts Group** - Akkelpur M.R Government College, Joypurhat, Bangladesh | 2024
